

About the job

Job Overview

We are currently seeking a strong Front-End Developer who will help us to keep building top-notch products. We are looking for team players who can deliver imaginative solutions under real deadline constraints. You will be a part of a team of professionals who are dedicated to the same mission. We push each other, learn from each other, and strive to grow continually.

Vacancy Status: New

Responsibilities

- Writing clean, well-organized, testable, and reusable code
- Building efficient, well-tested User Interface, and User Experience components
- Identifying and addressing performance bottlenecks with other engineers to consistently improve performance
- Ability to be occasionally on call
- Take direction from the Senior Software Engineer on features, while working with the Team to ensure the technical aspects fit our technical goals.

Required Qualifications and Experience

- 7+ years of development experience in web fundamentals (HTML5, CSS,JS)
- 4+ years of development experience in ReactJS/React Native
- Unit Testing experience (Jest, Cypress, Enzyme or other related testing frameworks)
- Knowledge of code versioning tools such as Git.

- **Ability to participate in code reviews, design reviews and over the shoulder debugging**
- **Ability to deliver software as part of a team**
- **Demonstrated expertise with responsive design principles**
- **Bachelor's degree in a technical major preferred**

Nice to Have

- **Gaming experience**
- **ApplePay/GooglePay experience**
- **Google Tag Manager / Tracking Experience**
- **In-depth experience in Node.JS**
- **In-depth knowledge in WebSockets**
- **Working knowledge of Docker/ Jenkins / Grafana/ELK**

Why Join BET99?

Come for the career... stay for the culture.

- **Canada-wide remote freedom - your office is anywhere you want it to be.**
- **Time off that feels good - paid vacation, paid sick days, plus your birthday off on us.**
- **Early access to leadership - meet the CEO in your first 30 days and see how your work truly makes an impact.**
- **Open-door leadership style - transparency and collaboration are core to how we operate.**
- **Premium benefits - 100% employer paid, for you and your family.**
- **Built-in career acceleration - Mentorship Programs led by industry veterans.**

- **A community you'll want to be part of - book clubs, monthly employee events, cross-team fun, and more.**
- **Bring a friend, earn a bonus - our referral program rewards great connections.**
- **Regular recognition programs - so your great work never goes unnoticed.**
- **Modern tools and tech - making your job smoother, not harder.**
- **A streamlined onboarding process - hit the ground running with confidence.**
- **A company that invests in long-term relationships, not quick wins.**

Disclaimers:

- **This position does not use artificial intelligence during the hiring process.**
